

# National Youth in Transition Database (NYTD)

## Oklahoma Successful Adulthood (OKSA) Service Categories that will be Reported to NYTD and additional Services tracked for Oklahoma's Use

NYTD requires that certain Independent Living (IL), otherwise known as OKSA, Services be reported. In order to meet this requirement, the KIDS OKSA Screens have been updated. There are 13 required federal categories or types of OKSA Services to report. There are individual services to document under each type. OKSA Services provided by or paid for by OKDHS are reported to NYTD. OKSA Services that are included under "paid for or provided by OKDHS" are OKSA Services provided by the OKSA Community Contractor (OU National Resource Center for Youth Services); OKDHS staff-Child Welfare; OKDHS staff-DDSD; Resource Parent; Residential Care Staff; and OKDHS Volunteers. OKSA Services provided by others (examples: Department of Education, Department of Health; Job Corps; Workforce, etc) are documented in KIDS but not reported to NYTD.

### Who Documents?

- The OKSA Community Contractor documents services provided by or through the OKSA Contracts;
- Child Welfare Services Division documents services reported by OKDHS contracted group homes and specialized community homes; and
- The CW worker documents services reported by resource parents and
- OKSA services provided by others, including the CW workers themselves.

# What are the NYTD categories?

## **Federal Category/Type:** **OKSA Assessments**

---

- Decision Making
- Education\*
- Housing Assessment
- Homeless
- Job Readiness
- Life Skills\*
